

## COOKIES POLICY

The use of the Website involves the awareness and acceptance of Cookies as defined in the Policy of Cookies herein.

### What are Cookies?

A Cookie is a file downloaded in the user's computer when he or she accesses certain web pages. Among other things, cookies allow a website to store and retrieve information about the browsing habits of a user or his or her computer and, depending on the information contained and how they use their equipment, cookies can be used to recognize to user. Cookies, depending on who manages the computer or domain from which cookies are sent, can be divided into First-Party Cookies (managed by a computer or domain managed by the website's own editor) or Third-party Cookies (managed by third parties treating data obtained through them).

### Cookies used in this Website

Except for technical cookies (strictly necessary to allow the communication between the user's computer and the network in order to provide a service requested by the user), Cookies used in the Website are, in any case, Third-party Analytical Cookies that allow us to quantify the number of users and perform the measurement and statistical analysis of the use performed by users of the Website. For this reason, we analyse your navigation through our Website in order to introduce improvements in the operation of the Website and / or improve the offer of products or services already supplied.

Notably, Cookies used in this Website are:
